NEGRO EXECUTED EARLY

How an Alabama Sheriff Fools the Populace.

HANGED AT SIX O'CLOCK.

On the Scaffold Calvin Coleman Implicates Two Other Individuals in One of the Most Crimes in History of That Commonwealth.

Montgomery, July 26.—Sheriff Belser fooled many citizens who sought admission to the hanging of Calvin Coleman, a negro, by pulling off the execution shortly after 6 o'clock, before more than fifty specially invited men. Before 7 o'clock the body was sent out. Coleman was hanged for the murder of J. A. Finley, a white man, who was first killed and then whittled into mince meat with a big knife. On the scaffold Coleman implicated a white saloon man and another negro, saying the white man killed Finley and helped cart off his body.

PECULIAR PLIGHT.

Memphis Girl Cannot Tell How She Reached Chicago.

Chicago, July 26.—The police found at the corner of Van Buren and State streets a young woman stylishly dressed, who appeared to be dazed, and who could not answer any questions. She was taken to the county hospital, where she was revived. She gave her name as Varley Holt, and said that her home is at Memphis, Tenn. She declared that she had no recollection of coming to Chicago, and could remember nothing since Tuesday night, when she was at her home in Memphis.

A telegram from Memphis states that Miss Holt disappeared from her home there Tuesday night, and since then all efforts on the part of relatives and friends to ascertain her whereabouts has been without result. She is the daughter of Matthew Holt, an employee of an ice factory, and is herself employed as a stenographer. As to her disappearance, it is believed that Miss Holt suffered a temporary mental derangement, brought about by the intense heat of the past few days, and while in a dazed condition boarded a train for Chicago. Her father has telegraphed the authorities of this city to detain the girl until his arrival.

RIGHTS RESTORED.

Divorce Court Hands Down Decree Favorable to Lady Ragot.

London, July 26.—The divorce court handed down a decree granting Lady Ragot of Rugley formerly Miss Lillian May of Baltimore, the restoration of her rights as wife. Lord Ragot was sued on the ground that his allowance of \$4,000 to his wife was not sufficient for her maintenance and that of their daughter, Barbara. He left his wife soon after the christening of this child. It is understood that Lord Ragot, before his marriage, signed an agreement that all children born of the union would be brought up in the Roman Catholic faith, but English jurists held such a contract was not binding.

BLOWUP ATTEMPTED.

Effort Made to Destroy the Residence of a Gambler.

Chicago, July 26.—An attempt to blow up the residence of Mont Tenne, an aged professional operator of a gambling house, was made by some person unknown to the police. The miscreant was armed with a steel cased bomb. Five days ago a similar attempt was made to dynamite the saloon operated by ex-State Senator John F. O'Mallory. This case was kept secret. Both attacks will bring serious results, in other respects similar to that recently made upon the residence of "Blink John" Condo. The whole series of incidents are said to grow out of jealousies between warring factions of gamblers.

SOME QUEER PRANKS.

Storm Did Much Damage, Particularly to Trees.

Augusta, Ga., July 26.—A storm which swept over Augusta did much damage to property and incalculable damage to fruit and shade trees. It also played some queer pranks. One bolt of lightning, which set fire to cotton in the card rooms of the Augusta Cotton factory, was followed by another which turned the automatic sprinkling system, quickly extinguishing the fire of flooding all parts of the building. Large quantities of manufactured goods were ruined and damage to machinery is heavy. Telephone, telegraphic and electric lighting and street car companies suffered heavily, and sewers and drains were greatly damaged by the floods of water.

Three Battleships Arrive.

New York, July 26.—The battleships Virginia, Georgia and New Jersey comprising the second division of the Atlantic fleet, came into port from Newport. The sailors will be given shore leave during their stay here. Battleships return to Newport in August to take part in the maneuvers.

HOTTEST DAY OF SEASON

New York City So Reports as to Thursday.

DEATHS DUE TO THE HEAT

In Other Sections of the Land High Temperatures Were Recorded, Among the Places Being Memphis, Atlanta and St. Louis

Washington, July 26.—Thursday the hot wave in the south and west moved eastward as far as New York, where, according to the weather bureau, almost 90 degrees was recorded. The same temperature was officially reported from the south.

Thursday was the hottest day of the season at New York. The temperature, which stood at 70 at 5 a. m., gradually arose until the maximum figure for the day and summer, 89 degrees, was reached at 4 p. m. Then it dropped one degree and hour, showing 85 degrees at dark. Street thermometers in the afternoon registered as high as 94. Half a dozen deaths, including two suicides, were attributed to the heat, while many cases of prostration were reported. E. S. Simon, a wealthy manufacturer, who shot himself, left notes in which he declared that the heat was driving him insane. At St. Louis the temperature broke the record for the year, the thermometer registering 96 degrees for four hours during the afternoon. Two deaths and forty prostrations were reported. The dead are Mrs. Consuela Woods and Charles Gless.

The maximum temperature at Louisville was 98, breaking the record for four years.

Two persons died at Kansas City from the effects of heat prostration. Three other persons were prostrated. The maximum temperature was 98 degrees.

The official report gave a maximum of 96 degrees at Chattanooga. There were no prostrations.

The maximum temperature recorded at Memphis was 95 degrees. One death occurred and one prostration was reported. John Williams, a carpenter, succumbed to the heat.

JORDAN'S OPINION.

Says That August Will Be Critical Month For Cotton.

Atlanta, July 26.—Hon. Harvie Jordan has returned from a tour of the cotton belt. He declares that while the conditions of the growing crop have improved, August will be a critical month. He said:

"Although the crop has improved in the past thirty days, it is still four weeks late, and it will go into August with but little matured fruit. This will make August the most critical period. Adverse climatic conditions in that month and September, and with early October frosts, would materially reduce the yield. Farmers and mill men are of the opinion that the prices will be higher than last year. At present the crop, with the exception of certain territory in the southwest, is in good growing condition."

Mr. Jordan said that the southern farmers are coming to realize the value of more modern methods of baling and handling the staple, thus putting American cotton on a parity with foreign cotton in the appearance of the bale.

TAKEN FROM TOP.

Actor and Hotel Clerk Unconscious From Exposure and Fright.

Cleveland, July 26.—E. R. Buckley, a hotel clerk, and George Elliott, an actor of New York City, was taken from the top of the Twentieth Century limited train when it arrived at Cleveland early Friday unconscious from fright and exposure of their trip. They say they climbed to the top of one of the sleepers as the train was pulling out from Buffalo, not realizing the terrific exposure and perilous nature of the trip. A few miles out of Buffalo, as the speed of the train increased and the noise rose to a roar, the men desperately held to one of the little guard rails for dear life and finally fainted.

RESCUED BY BRYAN.

Auto Crushes Into One In Which a Lady Was Riding.

Storm Lake, Ia., July 26.—While Hon. W. J. Bryan was being driven to the lake in an auto after addressing the Chautauqua, and a stop was made an automobile which was being driven by Mrs. E. B. Stillman of Correctionville, Ia., crashed into his car. Mrs. H. W. Deal, who occupied the rear car, was hurled to the ground and slightly injured. Mr. Bryan sprang out, and, lifting Mrs. Deal into the car, he cranked it and they started off.

Warner's Dying Statement.

New York, July 26.—Frank H. Warner, who last Tuesday shot and killed Miss Esther Norling, a bookkeeper, and his friend, John C. Wilson, made an ante-mortem statement. While declaring that he had no recollection of shooting Miss Norling, Warner said he shot Wilson, and that Wilson forced him into bankruptcy.

The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, JULY 27, 1907

The third term boomers are still seeing things.

The Franklin Central Texan defends Representative Jake Goodman of Robertson county, from the criticism of Senator Bailey at the Dunn barbecue.

It is estimated that ten or twelve thousand people will attend the great Epworth League encampment which begins at Corpus Christi in a few days.

And now a wiley Jap has been caught taking pictures of our own soldier boys and their accountments of war at Camp Mabry, but whether they were for his country's war department or the post card grafters deponent sayeth not.

L. E. Allen and Frank W. Stallworth are home from College Station, where they spent a day at the Farmers' Congress. The congress is quite well attended, but not quite so largely as in former years when passes were issued. Those who attend now, go for the value they expect to derive from the congress and not merely for the pleasure of the ride.—Marlin Democrat.

SALOON CHANGE.

The terms of a trade have been agreed upon by which Mr. John Hamilton purchases from Mr. W. T. Ford the latter's saloon on Main street, the trade not to take effect until Monday. Friends will be glad to know Mr. Ford expects to remain in Bryan until next spring and will be with the house of which he is at present proprietor. Mr. Hamilton has also sold a half interest in his saloon back of the First National bank to Mr. Joe Kosh, and the style of the firm will be Hamilton & Kosh. Mr. Hamilton invites the continued favor and patronage of the public.

MEACHUM DID NOT WALK.

The Eagle takes the following from the Navasota Examiner:

A gentleman returning yesterday afternoon from Bryan stated that when Senator McDonald Meachum was last seen he was "counting ties" toward Benchley, eight miles away, through the broiling sun, en route to Mr. Dunn's pasture, where Senator Bailey was billed to make an address. It seems that when he arrived at Bryan Mr. Meachum found that every vehicle in the city had departed for the barbecue and before he would be outdone he decided to walk out there. Imagine our sedate friend without an umbrella, trudging along the right-of-way of a railroad in the middle of the day, headed for no-one knows where, with the thermometer standing about 120 in the shade. Whether he finally reached the objective point deponent sayeth not, but this we know—the gentleman was asleep at 2 o'clock this afternoon when the reporter made inquiry as to his return.

Mc. can prove an alibi on the "hot footing" charge, although he may come to it some time under the anti-pass law. On this occasion he was an eleventh hour visitor, and on alighting from the train went right up into the air when he learned that the blow-out was ten miles in the country. His composure was soon restored, however, when Donald Martin rustled up a hack and a couple of shoe string ponies which yanked them out to the barbecue in time to get dinner at the Bailey table. Mc. looked fine driving out of town, and barring height he carries almost as much of the ballast of personal appearance as the Senator himself.

NEXT TO LAST COUNT.

JAP EXPELLED.

Mikado's Subject Ordered Away From Camp Mabry.

Camp Mabry, Tex., July 26.—Complying with the order given by the military authorities here, a Japanese who has been seen about the camp for the past several days taking photographs of maneuvers and various features of the camp and drill and who, for several hours, has been under close surveillance, was expelled from the grounds and warned not to return. It is said that his camera and all films on him were taken away and destroyed, but no confirmation of this report could be obtained.

It is understood that the Japanese had been at work taking pictures of the camp, batteries and every detail of work of the infantry, cavalry and artillery for a couple of days before any attention was attracted to him.

It is not known how many photographs he was able to carry away with him.

Lieutenant Charles E. Rainer of the First Texas infantry, who was seriously, if not fatally, injured during a runaway accident, is lying in the division hospital in a precarious condition.

Senator John Willacy, by invitation, addressed the Third regiment of the Texas national guard. He spoke on the militia, its benefits, etc., and urged its upbuilding.

PLATFORM PLEDGES.

Governor Says They Have Been Substantially Compiled With.

Cooper, Tex., July 26.—Over 5,000 people attended the Farmers' Union picnic. Governor Campbell was the principal speaker. In his remarks the executive said the legislature had practically passed all the platform demands of the Democrats of Texas. He declared a war is being waged on trusts. During his address the platform, which was heavily crowded, fell to the ground. No one was seriously hurt. The governor concluded his speech from a wagon.

ANTELOPE RUN DOWN.

Novel Sport Indulged In by Hunters in Lynn County.

Tahoka, Tex., July 26.—Several hunters enjoyed novel sport in Lynn county. The party, in two automobiles, proceeded to a point about twenty miles east of Tahoka, in the John B. Slaughter range, where they jumped three antelope. They gave chase, and after a run of six or seven miles overtook them, and one of the party roped a large buck from the front seat of the automobile. The buck was afterwards released, as the law forbids killing of antelope.

This is probably the only case on record of an antelope, one of the swiftest of animals, having been run down and roped from an automobile.

Wills Point, Tex., July 26.—Senator Culberson addressed at this city the ex-Confederates of Van Zandt county about 15,000 persons were present. He made no reference to politics. A glowing tribute was paid the valor patriotism and statesmanship of the southern people.

This For Catarrh.

ee tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever. Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like Imported Petroleum. This Cream—Dr. Shoop's Catarrh Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination. If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally if a complete cure is to be expected. Otherwise the Dr. Shoop's Catarrh Remedy will alone be entirely sufficient. Write Dr. Shoop, Racine, Wis. for sample and book. Sold by Druggists everywhere.

Indigestion Rheumatism

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nervousness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success to Dr. Shoop and his Restorative. With that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Dr. Shoop's Restorative
 M. H. JAMES.

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made. A perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes are passed away from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend.

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

KOSHER SHOPS CLOSED.

Meat That Was Not Spoiled Returned to the Wholesalers.

Philadelphia, July 26.—All kosher shops in this city were closed Friday as the result of Thursday's disorders, and all meat not spoiled by the crowds was returned to the wholesalers for storage. The entire Jewish section was strongly policed. The police kept the streets free from crowds. All prisoners held for hearing were discharged from custody by the magistrate with the exception of one woman, who was held in bail, charged with inciting to riot. The retail kosher butchers appointed a committee to call upon the wholesalers and endeavor to obtain a concession in price of meat.

Because He Was Despondent.

St. Louis, July 26.—Despondent because he was hopelessly afflicted with locomotor ataxia, Henry C. Jones of Nashville, formerly editor of the Nashville, Chattanooga and St. Louis railroad, committed suicide by shooting Mr. Jones was a widower, thirty-three years old. His wife died four years ago. He recently came here for medical treatment.

Demise of Hungarian Patriot.

Philadelphia, July 26.—Colonel Philip Figyelmessy, a Hungarian patriot, soldier of fortune and friend of Kosuth, is dead at his home in this city. He served on the staff of General Fremont as inspector general in 1862-65 and for his services to the United States was made consul of British Guiana in 1865 remaining in office until 1888.

Orby Beaten.

Liverpool, July 26.—Richard Croker's three-year-old Orby colt, winner of the English derby, was beaten here in the race for the Atlantic stakes by Linacre, Earlstone and Eastern. In the order named. There were only four starters and Orby was a hot favorite.

BORAH TO JURY.

Thousand Persons Cannot Get Into Courtroom.

Boise, Ida., July 26.—After addressing the jury in the Haywood case eleven hours, Clarence Darrow of counsel for the defense concluded at 4:20 o'clock Thursday afternoon.

At least 1,000 persons were unable to find seats in the courtroom when United States Senator Borah, at 7 o'clock at night, began his argument for the prosecution. In his remarks the senator said he was not aging war on labor unions, but contended that organized labor should not shield crime. Mrs. Steunenberg, widow of the murdered governor, was one of the many ladies present. This was the first time Mrs. Steunenberg has attended the trial. She sat near her son, Julian. The doors were closed to all but court officials and newspaper men. It was an audience composed almost entirely of Boise people, gathered to hear the speech of a young man who recently was elected by the people of Idaho to represent them in the United States senate, and who has been the assistant counsel for the prosecution.

Governor Gooding, with a number of the executive staff and a large representation of the state judiciary and bar, was among the audience. Haywood was surrounded by his counsel and his wife, in her invalid chair, was, as usual, by his side.

Said the senator in part: "The only question here is as to whether or not the evidence has been adduced to satisfy you that there was a conspiracy."

"Counsel for the defense has said we have not shown an 'inner circle' or an organized bureau for crime. Well, I could pretty near rest the proof of that proposition on the argument of Mr. Darrow himself."

"The evidence in this case shows that somewhere in the Western Federation of Miners there is a power which controlled—a power which commits crimes. It is proved as clearly as the fact that Frank Steunenberg is dead. Take the 29th of April, 1899, when the members of the Western Federation of Miners walked body for body their work, organized with military precision, went to Wardner and there blew up the Bunker Hill and Sullivan mine."

"Darrow has painted Orchard to you as a veritable devil, and I agree with him."

Senator Borah declared that Attorney Darrow, in his address to the jury, had offered subtle justification for everything charged against the defense. He set himself up in defiance of all the laws of public decency.

"If Harry Orchard—poor devil that he is—with his hands red with the blood of twenty innocent men, and his soul steeped in the very fumes of hell, has grasped the doctrine and accepted the belief of Christianity, I would not be one to take that solace from him."

"I do not know what your verdict will be in this case," he went on, "and I don't believe anybody knows. There is one thing I do know, and that is that you will never get twelve men in the state of Idaho to turn Harry Orchard loose, and you will never get any man as governor to turn him loose. Orchard had been promised no immunity, and if I should ever have anything to do with such a bargain as that I should want the great God to wither my right arm until it fell from its socket. We are not seeking for vicarious atonement in this case, like the defense, but we want no compromise. We know one man is guilty; it is for you to determine whether there are others."

BETRAYED BY LETTER.

"Sweetheart" Advised to Join Crouse as Soon as Possible.

Muncie, Ind., July 26.—Sheriff Perdue of Muncie and Marshal Mitchell of Eaton, Ind., arrested Arnold Crouse, alias Edward Graff, aged twenty-three years, and placed him in jail as a suspect in the recent mysterious Spear poisoning case at Lima, O. Crouse was a boarder at the Spear residence and left after the detention of Mrs. Spear on suspicion of having poisoned her husband. She was taken in charge at the cemetery, while her husband was being buried. An analysis of his stomach had developed strychnine poison. In searching a man at the police station, damaging evidence for the defense was found in a letter all ready to be mailed to Mrs. Spear. It was addressed to "Sweetheart," and suggested that she leave Lima at once, after selling her household goods and her late husband's property. The letter also directed Mrs. Spear to sell some of the oil property belonging to Crouse and meet him as soon as possible.

DEEDS OF DEVIL.

Attacks Five Little Girls, Ripping Stomachs Open.

Berlin, July 26.—A fiendish and atrocious criminal made his appearance on the streets Friday and five little girls are his victims. The man approached the children on the streets and by a deft stroke ripped open their stomachs with a knife. One of the children is dead. Each one of the crimes was committed in different localities, in the northern and eastern part. He is presumed to be a madman. The entire police force was aroused and are making every effort to capture the man. He approached his victims rapidly, one after another. He seized a child with hand and slashed rapidly with some sharp instrument held in the other.

GOES TO GOVERNOR.

Appropriation to Resist Railroads Passes Alabama Legislature.

Montgomery, July 26.—The bill appropriates \$50,000 for resisting the fights made by the railroads on the rate and regulation laws of the state has been passed by the house and now goes to the governor. As it is one of his bills, he will sign it at once. Mr. John of Jefferson county said in discussing bill that the money is necessary; that the people had to ask the consent of a Federal judge before they could enforce laws enacted by the legislature, and as it is becoming a question of the right of the people to govern themselves the money should be given and the fight made to the last ditch. The local situation is much like that of North Carolina, where there is clash on between the state and the Federal courts, except that the governor of Alabama will not attempt the violate any orders and is willing to let the matter be fought out in the courts.

FATAL AFFRAY.

Sequel to Feud of Long Standing Between Couple of Families.

Sweetwater, Tenn., July 26.—A shooting affray, in which one man was fatally injured and three others seriously shot, occurred here. It was the sequel to a feud of long standing between the Pearson and Collins families. Elijah Pearson was shot through the left arm and in the left breast near the heart. It is feared his injuries will prove fatal. Ross Pearson was shot in the left leg. William Collins received a bullet in one arm. Enoch Collins was only slightly injured, a flesh wound being inflicted by a bullet. It is alleged the Pearsons obtained alcoholic beverage in town and after imbibing they met the Collins boys, when a battle ensued. It is not stated who fired the first shot, as both sides were engaged in the shooting.

STANDS BY CANNON.

Chaplain Dickson Shoots One Soldier and Captures Another.

San Antonio, July 26.—Chaplain T. J. Dickson of the Twenty-sixth infantry shot one soldier in the neck and captured another at the point of his pistol. The soldiers were found by the chaplain in the act of taking from his front yard an ancient bronze cannon, a relic of the Philippine Islands. Blakeley declared the affair was intended as a prank.

S. H. FRANKLIN

THERE is no fairer country or more delightful climate on earth than that of Colorado during the heated term.

Hundreds of places of interest to the sight-seer engage his attention and interest him, while at the same time he is fanned by cooling breezes, rich in life-giving ozone, fresh from the realms of perpetual snow.

The entire State is a mass of picturesque scenery, affording an endless delight to those who are interested in the sublime vagaries of Nature, for in Colorado Nature seems to have exhausted herself in the production of the sublime and beautiful.

The lofty peaks of the famed Rockies, forming the "Continental Divide," tower skyward and stretch away, snow-capped, in the wondrous vista.

ON every side there is something to interest and inspire the beholder; the richest gold-producing mines on earth are there, and a visit to them will never be forgotten.

In addition to such renowned resorts as Colorado Springs, Boulder, Glenwood Springs, Denver, etc. Colorado has innumerable other points of equal interest and attraction, each affording distinctive features of its own, and each, alone, being worth far more than the cost of transportation to the state to see.

Visit Colorado now, "the land of gold," "the land of health" and the land of glorious scenery.

Hotels are legion, and the vacationist can always find accommodation at a price to suit his pocket book.

The principal points of interest are quickly and conveniently reached via "The Denver Road," the great thoroughfare to "Cool Colorado."
